## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 3 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Applicant's embodiment of the structure of claim 1 does not correspond to the embodiment of figures 6-8 when claim 3 is dependent from 1. The embodiment of figures 6-8 which discloses an EL panel as the device illuminant does not include the structure as recited in claim 1 "the display board having holes formed on the upper edge thereof". The structure as recited in claim 1, as seen in figures 1-2, uses LED's which correspond to the holes formed in the upper edge of the display board, the second embodiment does not.

### ***Claim Objections***

3. Claim 1 is objected to because of the following informalities: In line 6 applicant recites "the indicating board". There is no indicating board previously recited in the claim. In line 5 applicant recites "an display board", "a " should replace "an" Appropriate correction is required.

### ***Allowable Subject Matter***

4. Claims 1-5 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action. The following is a statement of reasons for the indication of allowable subject matter: The

Art Unit: 2875

prior art cited does not teach in combination the inner and outer frame structure, the upper and lower reflective surfaces ,the holes formed in the upper edge of the display board.
